Angel Webinar

A webinar without the right audience is worthless!

Dedicated webinars for the solar + power international industry:

Reach the right audience

Using our 30+ years' experience in B2B vertical technical markets, and as the publisher of the Solar + Power International portfolio we now offer effective webinars, webcasts and virtual events. We help you get your message, to your desired audience, by marketing to over 46,000 solar + power professionals globally. We offer access to the right audience at the right time.

In addition to organising and managing your webinar, we can also market your webinar to our specialist solar + power international database.

We deliver the audience!

In a dedicated 6 week program we will promote through our magazine, newsletters, LinkedIn group and website.

We can also provide the webinar moderator, from our team of highly respected editors and researchers.

Not sure what to say? Let our editors work with you and help you with the content.

Harness the power of a webinar

● Brand Awareness

Increase the global awareness and reach of your brand by running sponsored webinars, webcasts and virtual events which also have the possibility of generating revenue

● Lead Generation

Generate and mature leads through the use of online events. Then analyse, qualify, and understand their buying behaviour

● Thought Leadership

Become the voice of knowledge by generating compelling content via online events

Don't take our word for it. We organised and marketed a webinar for Oxford Instruments and we managed to deliver over 350 highly targeted participants. Here is what they had to say:

"The webinar organised through Angel was handled extremely professionally and ran very smoothly, from organising the presentations, to briefing our speakers and the actual webinar itself on the day. We were very pleased with the number of participants we attracted on the day, and the fact that the webinar is now available to view on demand, as this in itself is a useful marketing tool for us."

Susie Williams, Marketing Communications Manager, Oxford Instruments
